2024

OVERVIEW

The **International Society of Pharmacometrics' (ISoP)** mission is to promote and advance the discipline of pharmacometrics and broaden its impact. Our members are individuals from around the world from various educational backgrounds, including pharmaceutical sciences, engineering, statistics, and mathematics, who are passionate about advancing and promoting the field of pharmacometrics.

The **American Conference on Pharmacometrics (ACoP)** is ISoP's annual scientific conference bringing together members and non-members within the field of pharmacometrics. ISoP has been the proud organizing sponsor to 13 highly successful ACoP meetings. Last year's in-person conference attracted over 1000 participants.

ACoP 2024 will be held at the Arizona Grand Hotel in Phoenix, Arizona. Nestled at the base of America's largest urban park and wilderness preserve, the Arizona Grand is an all-suite hotel.
